

WATSON'S FUNERAL THIS AFTERNOON

Short Services Will Be Held at Family Residence.

FELLOW LODGEMEN TO ATTEND

ELLISON WILL PROBABLY BE ARRAIGNED TODAY.

FUNERAL SERVICES over the remains of A. S. Watson, killed by C. H. Ellison, will be held at his late residence, 661 East Second South street, at 1 o'clock this afternoon, and will be attended by the members of the eight fraternal orders to which he belonged, as well as by the friends of the family. They will be conducted by Dr. Paden of the First Presbyterian church, assisted by Dean Eddy of St. Mark's Episcopal church. After the services the body will be taken to the station and placed on the Rio Grande Western train for transportation to Mr. Watson's old home in West Liberty, Ia. Mrs. Watson, together with her niece, Mrs. Harry McKee of Bingham, will accompany the remains, and a member of one of the eight lodges chosen by Mrs. Watson will go with them as the representative of the fraternal organizations.

At a meeting of representatives from the eight lodges, held last evening at the Elks club, it was decided to request the members of the various bodies to which the deceased belonged, to meet at the residence at 1 o'clock. After the services the members of the various orders will take special cars to the corner of State and Second South streets, where they will form in procession, and, headed by a band, will march to First West and Second South streets, past the establishment of the deceased, where the funeral cortege will again take cars for the depot.

Widow Broken in Health.

Mr. Watson belonged to the B. P. O. Elks, Knights of Pythias, Independent Order of Odd Fellows, Knights of the Macabees, Ancient Order of the United Workmen, Woodmen of the World, Modern Woodmen of America and the Fraternal Order of Eagles. He carried insurance aggregating \$15,000 in the insurance orders to which he belonged.

Numerous friends of the family called at the Watson home yesterday to extend sympathy to Mrs. Watson in her bereavement. She was able to see only a few of them, however, on her long journey from Iowa to the deathbed of her husband, coupled with the shock of his death so soon after her arrival, has affected her health and she is unable to withstand the long journey to the home in Iowa, where the remains will be interred.

Clyde H. Ellison, the slayer of Watson, will today probably be arraigned before Judge Diehl for the preliminary hearing on the charge of murder. An information against Ellison was sworn to before Judge Diehl last yesterday afternoon, and the first step has been taken in a trial which is expected, will furnish many sensational features.

The prosecution, it is understood, will conduct the case strongly, laying stress on the alleged attempt at blackmail, which it claims it will be able to prove. Captain of Police Burridge stated yesterday that the state would prove that Ellison, through himself and through friends, attempted to get a large sum of money from Watson, and that, disappointed in securing the money, he premeditatedly committed murder. Friends of Mr. Watson are determined to prosecute the case to the bitter end and to spare neither time nor expense in carrying out the dead man's last wish—that his name be cleared of the stain upon it.

Course the Bullet Took.

At 4 o'clock yesterday afternoon, Drs. Hosmer and Cook, assisted by other physicians, held a post mortem examination to trace the course of the bullet which killed Watson. They found that it had entered from the top of the shoulder, and glancing downward, had passed through the left lung and to the right, and lodged in the spinal cord, just above the fourth rib. The examination revealed nothing new, as the attending surgeons had decided that the general course of the bullet was as it was found to be.

No inquest was held, as County Attorney Christensen decided that one was not necessary and did not authorize it. Ellison, since receiving the news of Watson's death, has shown a strange morbidness, which has characterized his every move from the time that he walked into the undertaking establishment, and sitting calmly down, talked with the attendants until the man he killed appeared in the doorway to the room where he was told that what was at first thought to be a slight wound had proved fatal, and changed the status of the man against him from one meaning at the most a few months' imprisonment, to one which found guilty the man, and sent him to black iron bars, or a lone stand on the fatal trap.

Ellison will not talk, and neither will his attorneys talk. He has many friends among the street car men, and it is expected that the defense will produce a number of witnesses. If the prisoner proves justifiable homicide, he goes free according to the laws of the state in such cases. If the state proves blackmail, it is said it will go hard with him, because of recent killings public sentiment has been thoroughly aroused, and judging from the talk on the street and in the stores, will ask for an example.

Real Estate Transfers.

Annie J. Robinson to Pacific Lumber company, part of lot 1, block 2, plat G, 1

TRACK RECORD BROKEN.

New York, Nov. 12.—At the Empire City track today C. K. Billings drove The Monk an exhibition mile and one-eighth in 2:25 1/4, which is a new record for the distance to a wagon.

SUIT AGAINST CHURCH

Mary Ann Green Asks Damages For Alleged Maintenance of a Nuisance.

Suit was begun in the district court yesterday by Mary Ann Green against the Re-organized Church of Jesus Christ of Latter-day Saints, Theodore Thorpe, John Hall and C. C. Larson, agents of the church, who are charged with maintaining a nuisance at the church edifice on East Second South street.

It is alleged that the plaintiff is the owner of property adjacent to the church building and that the caves and roof of the church project over onto the property of the plaintiff. The water which is drained from the roof to the caves falls into an alley-way which is used by the plaintiff as an entrance into her premises, and the mud which accumulates is considered a nuisance. In the winter time, the complaint alleges, ice forms on the ground in the alley and on the pavement in front, making the church liable for damages to anyone who is injured.

Sues to Recover \$200,000.

John S. Johnson has entered suit against the Emma company, limited, to recover \$200,000, alleged to have been sustained in damages to the plaintiff. It is alleged that the defendant company has begun work on property in the little Cottonwood mining district which belongs to the plaintiff, and has taken ores from the property and trampled until damages in that amount have been sustained. Four charges are made and the sum of \$50,000 is asked in each case.

To Probate Valentine Will.

In the probate division of the district court yesterday William Hill filed a petition for the admission to probate of the will of Margaret Hilton Valentine, who died in this city on Nov. 5. The petition alleges that she left an estate of personal property valued at \$1,000 and real property valued at \$2,400. It is also set forth that John Burrows, a former husband, died on the 8th and left an estate of \$800. The court is asked to issue letters of administration. There are nine heirs to the estate of Mrs. Valentine.

Court Notes.

No complaints were filed against the proprietors of the drug stores yesterday on the charge of selling liquor on Sundays, but they will probably be charged with the same in the future. A list of the places and is also securing the names of witnesses preparatory to filing the formal charges. In Judge Diehl's court yesterday, Melville Peterson against Charles Rasmussen to recover a sum of money alleged to be due was continued indefinitely. The case will probably be settled out of court on account of the funeral of Mrs. Barton. The sessions of both divisions of the district court were suspended yesterday and the library of the supreme court closed on account of the funeral of Mrs. Barton, the wife of Justice Barton of the supreme court.

NOTED ELECTRICIAN HERE.

Brigadier General Irving Hale Witness in Big Suit.

Brigadier General Irving Hale of Denver, general manager of the General Electric company for the western states, and a witness in the suit of the Telluride Power company against the De Lamar Gold Mining company, is in the city at the Knutsford, where he will remain for several days. He is on his personal supervision of the first wireless telegraph instruments built west of the Mississippi river were constructed. They were built in Denver, for use between Los Angeles and the Catalina islands, and contained several inventions and improvements of his own. General Hale graduated from West Point twenty years ago with the highest class record ever made by a cadet. For several years he was an engineering officer in the regular army, resigning to go into private business. After his return to Colorado he was made brigade commander in the national guard, with the rank of colonel. He went to the Philippines during the war as the commanding officer of the Colorado volunteers and later was made a brigadier general by President McKinley.

Worm Destroyer.

White's Cream Vermifuge not only kills worms, but removes the mucus and slime in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist. 25c at Z. C. M. I. Drug Dept.

HAVE YOU ANY OF THESE

Symptoms of a Very Common Trouble?

There is no disease so common in the United States as Catarrh, because it appears in so many forms and attacks so many different organs.

It is a common mistake to suppose that catarrh is confined to the nose and throat. Any inflammation of the mucous membrane wherever located, accompanied by abnormal secretions, is catarrh. Catarrh of stomach or bladder, or intestines is nearly as common as nasal catarrh and much more serious, although it is true that stomach catarrh and catarrh of other internal organs is the result of neglected nasal catarrh.

A new remedy has recently appeared, which, so far as tested, seems to be remarkably effective in promptly curing catarrh, wherever located. The preparation is sold by druggists generally under the name of Stuart's Catarrh Tablets, and in addition to being very palatable and convenient, possesses extraordinary merit in many cases giving immediate relief from the coughing, hawking and constant clearing of the throat and head, those symptoms with which every sufferer from catarrh has ever suffered from colds in the head and throat.

Catarrh is simply a continuation of the symptoms until the trouble becomes chronic and grows gradually worse from year to year. Stuart's Catarrh Tablets are composed of Hydrastin, Red Gum and similar antiseptic and catarrh specific, from which it will be seen that no secret is made of the ingredients, and also that no mineral poisons are used, as many cases with many well known catarrh medicines.

For catarrh of the nose, throat, bronchial tubes, for catarrh of stomach, intestines or bladder no preparation is so safe and gives such rapid and permanent results as Stuart's Catarrh Tablets.

All druggists sell them at 50c for full-size package. You can use them with assurance that you will not contract the cocaine or morphine habit as the results from this catarrh cure are apparent from the first day's use.

REPORT OF THE MINING DIRECTOR

Output of Precious Metals For the Calendar Year 1901.

THE IMPORTS AND EXPORTS

ANNUAL CONSUMPTION OF BOTH GOLD AND SILVER.

WASHINGTON, Nov. 12.—George E. Roberts, director of the mint, has completed his report upon the production of the precious metals for the calendar year 1901. The final figures for the world's output by countries are as follows:

Country.	Gold.	Silver.
United States	\$78,866,700	\$31,128,400
Mexico	28,844,800	24,225,200
Canada	24,128,500	3,145,900
Africa	9,889,500	9,889,500
Australasia	7,880,200	7,880,200
Russia	22,850,900	94,300
Austria-Hungary	2,126,700	1,198,500
Germany	1,880,000	2,113,000
Norway	90,000	90,000
Sweden	41,700	400,800
Spain	8,800	1,911,200
Portugal	1,300	625,200
Greece	1,300	625,200
Turkey	24,500	257,100
Finland	1,300	70,700
France	271,300	271,300
Great Britain	276,300	133,000
Argentina	269,000	269,000
Bolivia	119,600	6,152,600
Chile	1,087,200	5,553,100
Colombia	281,600	1,190,900
Ecuador	1,101,000	4,600
Brazil	2,775,400	2,775,400
Venezuela	23,200	23,200
Guiana (British)	1,771,600	1,771,600
Guiana (Dutch)	400,400	400,400
Guiana (French)	2,775,400	2,775,400
Peru	1,329,200	3,360,500
Uruguay	31,700	500
Central America	240,000	527,300
Japan	1,201,600	1,037,800
China	9,901,500	9,901,500
Korea	1,500,000	1,500,000
India (British)	9,285,900	9,285,900
East Indies (British)	601,200	601,200
East Indies (Dutch)	43,000	43,000

Totals \$256,374,700 \$104,909,200

The total number of fine ounces of gold produced was 12,740,745, and of silver, 174,200,000. The estimated value of the latter being \$236,390,700.

Gold Imports and Exports.

The imports and exports of the precious metals of the principal countries during the calendar year are exhibited in the following table, the information relating to foreign countries having been received from the consular representatives of the United States in those countries:

Countries.	Imports.	Exports.
United States	\$4,761,880	\$7,782,593
Africa	1,530,959	9,913,583
Australia-Hungary	2,300,000	2,300,000
Canada	4,579,809	24,741,800
Dominican	388,077	600,510
Denmark	84,000	84,000
Egypt	14,777,463	11,719,774
France	82,788,158	27,385,000
Fed. Malay States	1,870,000	875,892
Germany	61,126,228	12,278,500
Great Britain	10,400,588	67,981,963
India	25,977,402	20,698,605
Italy	914,984	2,067,600
Japan	5,085,000	5,700,000
Korea	1,200,000	2,640,777
Mexico	4,507,000	9,934,594
Netherlands	4,207,065	691,606
Nicaragua	455,000	455,000
Norway	516,285	516,285
Spain	2,200,000	79,700
Sweden	731,401	731,401
Switzerland	13,407,222	4,009,301
Russia	4,450,000	4,450,000
Portugal	1,322,387	1,322,387
The net exports of Australasian gold are estimated at \$78,880,200, and of Chinese gold, \$9,901,500.		
The net exports of Australian gold are estimated at \$78,880,200 and of Chinese gold \$9,901,500.		

Silver Imports and Exports.

Country.	Imports.	Exports.
United States	\$3,116,182	\$55,968,338
Africa	1,704,947	1,704,947
Argentina	23,966,000	23,966,000
Australia	969,975	1,252,387
Bolivia	1,300,000	1,300,000
Canada	2,215,215	2,126,353
Dominican	47,943	47,943
Dutch Guiana	\$2,569	28,000
Ecuador	1,300,000	1,300,000
France	18,888,432	27,119,265
Germany	1,870,000	1,870,000
Great Britain	11,683,574	4,432,220
India	4,579,809	6,901,903
Italy	61,141,061	58,046,332
Japan	39,388,187	16,549,234
Korea	1,489,000	1,489,000
Mexico	4,507,000	100,472
Nicaragua	3,278,008	889,567
Norway	50,000	50,000
Peru	6,738	98,712
Spain	767,007	186,976
Sweden	8,429,558	2,578,442

Ceylon	2,011,280	1,011,450
Persia	393,217	236,164
Turkey	898,462	6,989,588
Australasia (net)		6,989,588

Annual Consumption.

Mr. Roberts says that the annual consumption of the precious metals of the principal countries for the calendar year 1901 are estimated to have been approximately as follows: The output of the Indian mints for the eleven months ending with February, 1902, was only \$5,507,000, compared with \$20,780,754 in the same months of the previous year. The demand for China also declined, owing to the retirement of the foreign troops called there during the Boxer troubles of 1900. While the troops were there the shipments of silver were exceptionally large and after their retirement silver bars and Mexican dollars accumulated at the seaports in unusual amounts, rendering further imports for the time unnecessary.

The European demands for silver for coinage purposes are light as the governments are pursuing the policy of supplying needs for subsidiary coins by the recoinage of full legal tender coins.

About 30 per cent of the output of the United States is from silver ores, the remainder being produced in conjunction with lead and copper.

Increase in Gold Stocks.

After allowing for industrial consumption, the increase in the gold stocks of the principal countries for the calendar year 1901 are estimated to have been approximately as follows: United States \$63,800,000; Austria-Hungary 27,000,000; Belgium 10,000,000; Great Britain 17,000,000; India 5,800,000; France 10,000,000; Germany 41,700,000; Italy 3,500,000; Japan 1,800,000; Netherlands 5,900,000; Portugal 2,800,000; Roumania 1,800,000; Sweden 1,800,000; Switzerland 3,500,000.

The only country in which the increase during the year was Norway, \$1,600,000; and Russia, \$3,700,000.

EVERYBODY DELIGHTED.

Newbro's Herpicide Destroys the Dandruff Germ Permanently and Cures Baldness.

Quinine and rum and a whole lot of other things are pleasant to rub on the scalp, but they do not cure dandruff, but only a preparation of the general run cures dandruff and falling hair. It is necessary to kill the germ, so that there can be no more dandruff, and so that the hair will grow luxuriantly. Destroy the cause and you remove the effect.

Put 10 cents in stamps for sample. Send the stamps to Dr. McLaughlin, Detroit, Mich.

LOOK OUT FOR CATARRH

The cold-wave flag means zero weather, icy, moisture-laden winds, and the beginning of winter in earnest. To Catarrh sufferers there is nothing cheering in these climatic changes, for with the return of cold weather, all the disagreeable symptoms of Catarrh appear: blinding headaches, dizziness, a stuffy feeling about the nose, that makes breathing difficult, chest pains, and the disease progresses, a discharge of mucus from the throat and nose keeps one continually hawking and spitting.

Catarrh is a most disgusting disease. The four mucous secretions are constantly dripping back into the stomach, contaminating and poisoning the blood and it then becomes a deep-seated, systemic, persistent disease that must be treated through the blood, for it is beyond the reach of sprays, washes, powders or external treatment of any kind.

S. S. S. soon clears the system of all Catarrhal matter and purges the blood of the irritating poisons, thus effectually checking the progress of this serious and far-reaching disease.

Look out for Catarrh in winter, for cold air the blood and causes excessive secretion of mucus and brings to life all the slumbering poisons that make Catarrh the most formidable of all diseases. S. S. S. keeps the blood in such perfect order that cold waves cause no alarm and the change from the heat of summer to the rigors of winter produce no discomfort.

Write us if you have Catarrh, and our Physicians will advise you without charge. Book on Blood and Skin Diseases free.

The Swift Specific Co., Atlanta, Ga.

JURORS ARE CHOSEN.

Are to Serve in the United States Court During Next Term.

Following is a list of jurors for the December term of United States court, convening at Salt Lake City, the first day of December next at 10 o'clock a. m.:

Grand Jurors—Henry M. Dinwoodey, Lake City; H. H. Pitchforth, Nephi; R. H. Ains, Salt Lake City; Samuel Brockbank, Spanish Fork; S. D. Chipman, American Fork; W. E. Clark, Pleasant Grove; George W. Bryan, Murray; W. L. Richardson, Salt Lake; J. W. Currie, Salt Lake; R. C. Gemmell, Salt Lake; Phil Speckhart, Provo; Joseph J. Jackson, American Fork; W. H. Tisdals, Salt Lake; George C. Lambert, Salt Lake; E. J. McBride, Salt Lake; David G. Thurman, Lehi; J. S. Page, Jr., Payson; Josiah Barnett, Salt Lake; C. N. Strevel, Salt Lake; B. F. Smith, Alton; Joseph Jensen, Mount Pleasant; Charles Peterson, Gale; Hiram Goodale, Ogden.

Petit Jurors—Reese Howell, Ogden; George A. Allen, Nephi; A. L. Bradley, Moroni; Matthew S. Brown, Ogden; Thomas T. Todd, Heber; John Thurston, Milton; N. W. Kimball, Lehi; Silver City; Charles E. Miller, John Bennett, Layton; W. T. McFarland, Stockton; Doris J. Strong, Alpine; O. N. Stohl, Brigham City; John Bingham, Salt Lake; W. Barnes, Provo; George S. Dean, North Ogden; Joseph Scofield, Ogden; L. C. Snow, Salt Lake; Hiram Perry, Perry; P. O. Peter H. Madsen, Mantua; George C. Madsen, Salt Lake; J. C. Madsen, Riverfront; C. G. Patterson, American Fork; James Hopkins, Crofton; Thomas Rees, Coalville; A. Singleton, Provo; James Flashman, Salt Lake; Joseph Christensen, Salt Lake; O. J. Cobbley, Lindon; R. S. Campbell, Salt Lake; Walter W. Stewart, Kayville; J. W. Olphind, Nephi; George Bowman, Salt Lake; Joseph S. Clark, Farmington; James Gardner, Kanosh; James Shaw, Vermilion; H. T. Reynolds, Springville; Nathan Clark, Farmington; W. J. C. Eartosh, Salt Lake; George Bennett, Salt Lake; B. F. Saunders, Salt Lake.

AGED WATCHMAN DEAD.

John F. Johnson, who died Tuesday morning at his residence 129 State street, was for many years watchman of the city and county building. He was born July 18, 1826, and was 75 years of age. He was survived by four children, eleven grandchildren and two great-grandchildren. The funeral will be held Sunday from the Thirteenth ward meeting house.

A Dangerous Month.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then you should always have handy a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West Fifth street, Salt Lake City, writes: "We use Ballard's Horehound Syrup for colds and coughs. It gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy. It costs 50c, 50c, and \$1.00 at Z. C. M. I. Drug Dept.

Get it from your grocer.

Baked Dainties.

Husler's Flour

gives them that light, tempting appearance and that delicious wheatey flavor. Get it from your grocer.

"I Feel Like a Two-Year-Old."

HOW OFTEN THAT IS SAID BY MEN WHO HAVE BEEN CURED OF Nervous Debility by the Dr. McLaughlin's Electric Belt? They say it is a remedy which is as easy to use, as easy to cure, and cheap. They have confidence in themselves at all, are now holding up their heads in pride, with the knowledge that perfect strength is restored; that they are as good as any man of their size. You know you are weak now and wish you could say that you were as good as any man of your size. You can if you will use this grand invigorator.

Dr. McLaughlin's Electric Belt.

DR. McLAUGHLIN—Dear Sir: I will say that I am perfectly satisfied with my investment and would not take any amount of money for it if I could not get another one of your Belts. Thanking you for your kind advice, and wishing your Belt continued success, I remain, Yours respectfully, W. H. EWING, Douglass, Wyo.
